Private Label

"We specialize in private label development, offering our clients a comprehensive solution from concept to point of sale.

With expertise in sweeteners and related products, we support leading retailers and companies worldwide, providing custom formulas, superior quality, and reliable service that strengthens their market presence.

Technology & Quality

Combining technology with strict quality control, we tailor our formulations to meet each client's specific needs.

Production

Custom Packaging

Customized solutions, from retail-ready packaging to bulk formats.

Packaging

Global Distribution

We manage global distribution through reliable logistics partners, ensuring on-time deliveries and full traceability.

Distribution

Build Your Brand

Any format

Private Label Solutions: We transform your vision into globally successful products. From bespoke formula development and cutting-edge production to custom packaging and international distribution. We offer a 360° service defined by operational excellence, regulatory compliance, and an unwavering commitment to quality that strengthens your brand's identity in the market.

Jars

High-quality rigid packaging with airtight seals, ideal for ensuring the freshness and shelf-life of powdered or granulated products.

Boxes

Packaging solutions in various formats and weights, designed for optimal protection and flawless presentation.

Doypacks

Modern flexible packaging with a stable base, available with zipper closures and high-barrier materials to enhance your brand's premium image.

Sticks and Sachets

High-precision single-dose formats, perfect for on-the-go consumption. We offer maximum flexibility in sizes and materials.

25kg bags and bulk boxes

Large-capacity formats for industrial and professional sectors, manufactured with heavy-duty materials for safe transport and storage.

Custom Format

We can develop any format required, creating it from scratch.
